

Eligibility for membership

- Minimum of 8 years experience in a management or equivalent level role in any role of Quality Management.
- Candidates from other or related fields such as Safety, Health, Environment, Risk, etc. or any other profession are eligible to apply, and will also be offered a practical bridging programme into Quality Management.

Levels of membership

Candidate membership

All new members will acquire this level of membership prior to progressing to any of the other levels of membership. This is an entry and holding level for all new members which is intended to be held for a period of not more than 24 months after first joining. A member at this level of membership is expected to progress to the certified level within the 24 months period of attaining this candidate level.

Certified membership

This membership level is conferred upon successful completion of the prescribed short learning programme (SLP) for Certified Director of Quality and Improvement™. Successful candidates will be awarded with relevant certification. Once candidates have accumulated 10 years of managerial experience will they be endorsed to assume roles as active directors in Quality and Improvement.

Chartered membership

This level will be awarded to certified members at the discretion of the board of governors based on the fulfilment of relevant approved criteria, to be announced.

Process to obtain membership
